Professional Experience

INTELINAIR | Indianapolis, IN | 2026 – Present
Product Manager — Agricultural technology company providing automated crop intelligence and data analytics to farmers and agronomists.

LANTERN | Indianapolis, IN | 2024 – 2026
Product Operations — Connects members with specialty care that gets them back to good health, their families, and work.

- Owned end-to-end roadmap management by launching Aha! Roadmaps and Ideas Portal, consolidating legacy tools and centralizing planning and intake across 5+ product teams.
- Overhauled release communication workflows with automated documentation and publishing, cutting cycle time 50% and improving stakeholder visibility.
- Partnered with leadership to launch Lantern's first Product career ladder and competency matrix, enabling more objective performance and promotion decisions.
- Built executive KPI reporting (Roadmap Health, Backlog Hygiene, Unplanned Work Impact) for consistent department-level visibility and data-driven decisions.
- Led monthly Product Demos and quarterly planning, communicating product vision and delivery progress to executives and R&D, Sales, and Customer Success.

CISCO-WEBEX EVENTS | Indianapolis, IN | 2021 – 2024
Senior Product Manager (2022 – 2024) · Product Manager (2021 – 2022) — All-in-one platform for in-person, hybrid, and virtual events.

- Launched Speaker and Sponsor collaboration tools, driving 5 customer renewals in the first 7 days and 3,000+ collaborations in the first 2 months.
- Introduced Privacy and Compliance settings for managing attendee data and preferences, unlocking $1M+ in Enterprise revenue and exceeding targets.
- Designed a custom Lobby feature centralizing key event information for planners, reaching 78% adoption within 6 months.
- Built embeddable content widgets so planners manage event details in one place; 75%+ of small-to-mid events adopted within 6 months, reducing content duplication.

- Integrated in-house AI-powered closed captions and translations into all video content, reaching 94% adoption within 6 months over third-party add-ons.
- Built a direct payment flow for the exhibitor lead retrieval tool, generating $600K+ in sales in 12 months and saving CSM/Support 10–15 hours per week of manual processing.
- Delivered ~12 small-to-mid feature improvements per quarter based on customer feedback, reducing churn.

SPRINGBUK | Indianapolis, IN | 2017 – 2021
Product Manager (2020 – 2021) · Program Manager (2019 – 2020) · Sr. Project Manager (2017 – 2019) — Health intelligence platform delivering actionable insights from real health data.

- Managed pilot partnerships and third-party API integrations, opening two new growth channels and bringing in $100K+ in new business.
- Partnered with lead engineers, UX designers, and stakeholders to shape solutions, execute strategy, and drive business outcomes.
- Facilitated sprint ceremonies including planning, daily scrums, retrospectives, stakeholder meetings, and software demos.

Earlier Experience

- **EyeCare Prime (CooperVision)**, Folsom, CA — Project Manager, Project Coordinator, Client Success Manager (2014 – 2017)
- **Hartford Insurance Group**, Folsom, CA — Disability Claims Adjudicator, STD/LTD (2012 – 2014)
- **State Farm Insurance**, Indianapolis, IN — Auto Claims Adjuster, Complex Auto (2011 – 2012)

Education

- B.S. Public Affairs (High Distinction), Indiana University, 2009
- A.S. Business Administration, Ivy Tech State College, 2007
